

-Adirondack Cabin at Mallard Point-

Cabin Phone Number: (518) 648-6464
(Give out for, family and friends to reach you.)

Necessities And The Like:

1. Basic things you need to bring that are not supplied: Blankets/Bed-sheets [One Queen, One double and two single beds], linens/pillowcases/ towels/beach, wash clothes, paper products, clear plastic trash bags and soap (see. A.) (pillows are supplied, yet some prefer to bring their own.)

2. Helpful reminder: Medicine, personal hygiene products, swimming ware, flash light, bug spray, lantern, maps, compass, hiking shoes, first-aid kit, hat, sunglasses, light & heavy coats, umbrella, rain coat, camera/video, fishing equipment, cooler, ATM / charge card, check book, phone card, and phone book.

3. Rentals: Canoe and Paddleboat. **For Sale:** Firewood.

4. Prepare: If you bring your own motor it must be under 5 H.P. for **our** boat, there is a 10 H.P. limit on Lake Adirondack. Each boater must wear a PFD (personal flotation device), which is supplied for ages 7 years and older. No speedboats or jet-skies allowed on Adirondack Lake, but they are allowed a few miles down the road on Indian Lake. For the easiest accessibility we suggest you go to the state boat launch. Fishing licenses are required and can be purchased at Indian Lake Town Hall, Chamber (800) 328-5253, The Lake Store on Rte. 30 in Sabael, or call (518) 457-8862 (MasterCard or Visa) before starting your vacation.

A. If you forget something, do not worry there are stores in town that carry just about everything you should need. You might want to make your traveling light and buy most everything when you arrive. For instance, there is a Tops Grocery and Stewart's in town so all your, food, paper products, soap etc. can be purchased when you arrive.

B. Most everyone needlessly over packs. Before you come we suggest you figure out the amount of clothes you use in a normal week and go by that. However, you may want a few extra things such as, socks and shoes since you probably will be doing more outdoor activities then normal. Some renters prefer to use the Laundromat in town before they leave so there is less to do when they arrive back home.

C. Keep in mind the Adirondacks can get cool at night till early morning so you might want to bring some warm clothing. In the day it is usually beautiful especially when it is hot and muggy elsewhere, yet the Adirondacks can get warm too, but usually not above 85° so bring cool clothing.

Hope to see you soon!
